WORK EXPERIENCE

Digipro Education & Funecole

JAN 2024 - PRESENT

Lead Developer

- Led the full-stack development of scalable educational platforms using **Laravel**, **React**, and **AngularJS**, implementing modular architectures, RESTful APIs, and real-time dashboards with advanced caching, logging, and reporting features.
- Brought a **solution-oriented mindset** focused on scalability, maintainability, and performance; always looking for ways to improve the codebase, **simplify workflows**, and make the development process faster and smoother.
- Built a strong and collaborative team culture by **mentoring developers, sharing knowledge**, and working closely with designers and product managers to turn ideas into practical, high-quality solutions.

Semantic Business Software

JAN 2021 - JAN 2024

Full-Stack Developer

- Led the end-to-end development of fully custom platforms, **working independently** and in direct contact with clients to deliver tailored solutions tightly integrated with the company's ERP system, including **e-shops, invoicing tools, and payroll management systems**.
- Architected and built the company's **CRM system from scratch**, applying **event-driven architecture, advanced caching strategies**, and optimizing database performance through **smart indexing and query tuning**.
- Collaborated within a programming team with a strong focus on backend development using both **pure PHP (OOP)** and **Laravel**, while also contributing to frontend (**JavaScript, HTML/CSS**) and mobile app development using **React Native** and **TypeScript**.

E - forologistiki (Lazopoulou M. - Giannopoulos D.)

2017 - 2021

Accountant

- Provided accounting support and client service using business software for tax reporting, invoicing, and documentation, ensuring accuracy and compliance across daily operations.
